

GCID

GLENN-COLUSA IRRIGATION DISTRICT

is seeking an

Water Operations Internship

The Position

**April to July 2026
Full-Time or Part-Time
Internship**

Under general supervision, assist with taking field flow measurements, report to multiple supervisors to assist in proper flow measurement techniques and reporting, drive to sites and use measurement devices to obtain flow information, input and edit data within WIS and RemoteTracker system.

The District

Glenn-Colusa Irrigation District (GCID) serves agricultural water needs within Glenn and Colusa counties in Northern California. Its primary water right was established in 1883, making it one of the oldest and largest water rights on the Sacramento River. The District was formally organized as the Glenn-Colusa Irrigation District in 1920.

GCID's core mission is to deliver a secure and reliable water supply to its landowners and water users, as efficiently and economically as possible, while preserving and protecting all resources.

Covering more than 175,000 acres, GCID is the largest agricultural district in the Sacramento Valley and one of the biggest in the state. GCID's main pump station, its only diversion from the Sacramento River, is located near Hamilton City. An extensive canal system, including a 65-mile main canal and more than 1,000 miles of laterals and drains, conveys the water to more than 1,200 water users, irrigating about 140,000 acres of farmland. GCID also serves 1,200 acres of private habitat land and more than 21,000 acres of protected federal wildlife refuges.

Essential Functions and Responsibilities

All candidates must possess a valid California Driver's License. Ability to work with a team and independently, ability to work 100% outdoors during the summer in hot conditions, good communication skills, computer concepts with the ability to record data and download reports, standard safety principles, adhere to District standards for data collection. Knowledge of flow measurement and open channel flow is preferred but not required.

Salary Range:

\$20 to \$23 per hour
